THE NEW CIAZ

There's brilliance in its design. There's an air of elegance about it. It's built with indulgence at its core. And there are interactions that stand out. It takes just one glance, just one drive to realize, this is no ordinarype experience. This is a dream come true. This is the New CIAZ. Created and perfected for inspiration. So, think, create and innovate. With the CIAZ, you are ready to seek out the new.
CREATED TO INSPIRE ELEGANCE

It’s time to look sharp, and again and once more, Suzuki presents the August of its kind.

Its sleek lines grille and sleek front bumper give the car a surprising smooth look. The LED projector headlamps with DRL, and LED fog lamps lend it all while brilliance to its presence. Made with gracefully designed LED tail lamps, Suzuki’s elegance looks like, cruising through the city.
CREATED TO INSPIRE LUXURY

Imagine a lounge. Sublime. Indulgent. Comfortable. Enchanting. This is the experience. The feeling of GLS.

The moment you step inside and breathe in the most spacious cabin, followed by your eyes fixating on the brown leather wood finish with satin chrome accents, your skin embracing the luxurious seating and your whole being giving in to this thoughtfully designed beauty quite comfortably.
CREATED TO INSPIRE PERFORMANCE

New K15 Petrol Engine
Engineered for a great driving experience, this engine is the new and the next in the world of power. And with the progressive
Smart Hybrid technology, it's ready for the future. The engine's torque and power retained
gives you an experience that simply outperforms
your drive. With this new engine, your
drive is smoother, more efficient, and
reduced to propel your
vehicle with increased power. Created to
inspire a
better tomorrow.

DDIS 200 Diesel Engine
The DDIS engine is equipped with Proven Smart Hybrid
technology. It's simply made to give you a powerful,
smooth driving experience with its durable, ceramic
Turbocharger, which generates optimum power and
reduced fuel consumption. Now, your drive will stay
amazing miles after miles.
CREATED TO INSPIRE CHANGE

Every few years a revolution comes along to change the way you see the world. To make it better. To make it smarter. And the Progressive Next Generation Smart Hybrid is just that. With its Lithium-Ion and Lead Acid Dual Battery set-up, you get a 21-mile electric driving experience. What’s more, the Torque Assist Function reduces the stress on the engine and the fuel consumption.

- IDLE START STOP
  The engine automatically stops when idle and reduces wear when the stop-and-go conditions are met in manual and automatic transmissions. This helps in increasing the fuel efficiency.

- BRAKE ENERGY REGENERATION
  Braking charges the special high capacity batteries, which in return assists the engine’s idle start stop and the torque assist function.

- TORQUE ASSIST FUNCTION
  The energy stored in the Lithium-Ion battery assists during acceleration. This helps the engine in providing optimal acceleration and performance.
CREATED TO INSPIRE COMFORT

Relax through the busiest of lanes, the drowsiest of hours, the longest of journeys. Unwind and enjoy your time in the Car with Automatic Transmission moves like a dream, giving you a comfortable drive everywhere.

The Car Automatic Smart Hybrid also comes with enhanced safety features like the Electronic Stability Program (ESP) and Hill Hold Assist. These thoughtfully designed features are sure to make your driving experience safer.

MULTI-INFORMATION DISPLAY

The Car comes with a new 3.5-inch TFT Multi-information Display that makes it convenient for you to keep a track of your car's vital information. This includes fuel consumption average flow, trip details, driving range and gear shift indicator (AT).

CRUISE CONTROL

Your journey in the Car will now be more comfortable with the Cruise Control Feature System that lets you pick any cruising speed over 40 km/h. So kick back and drive through the highway with unrestricted ease.
CREATED TO INSPIRE INNOVATION

Call, Connect, Talk, Message, Play, Share, Search, Navigate. That's just some of the few things you can do with the SmartSurf Infotainment System. Appointed with Apple CarPlay™, Android Auto™ and MirrorLink™, you can seamlessly connect your smartphones and access dedicated entertainment and infotainment connectivity. Step inside the Car and experience a whole different world of innovation.
CREATED TO INSPIRE SAFER ROADS

Comfort and luxury are integral to the Car experience, but it’s the safety that undeniably comes first and foremost. Equipped with the NEXA Safety Shield, a collection of advanced safety features that conforms to the highest safety standards - the Car assures your complete and utmost protection.

Suzuki-Tect Body
Suzuki’s Total Effective Structural Concept (TESS) concept results in effective absorption and dispersion of crash energy. The extensive use of high-tensile steel for major parts makes the body light, strong and safe.

Dual Front Airbags
Front airbags for the driver and passenger mitigate the collision forces inflicted on the head in the event of a frontal impact.
CREATE. INSPIRE.

NEXA is on a journey to create new experiences, new lifestyle, new culture and new products that inspire. It is a drive of creation, a quest to inspire. A celebration of the creators. An ode to the creators who inspire.
CREATED TO INSPIRE A VIVID WORLD
